

WOODEN BLINDS

2024

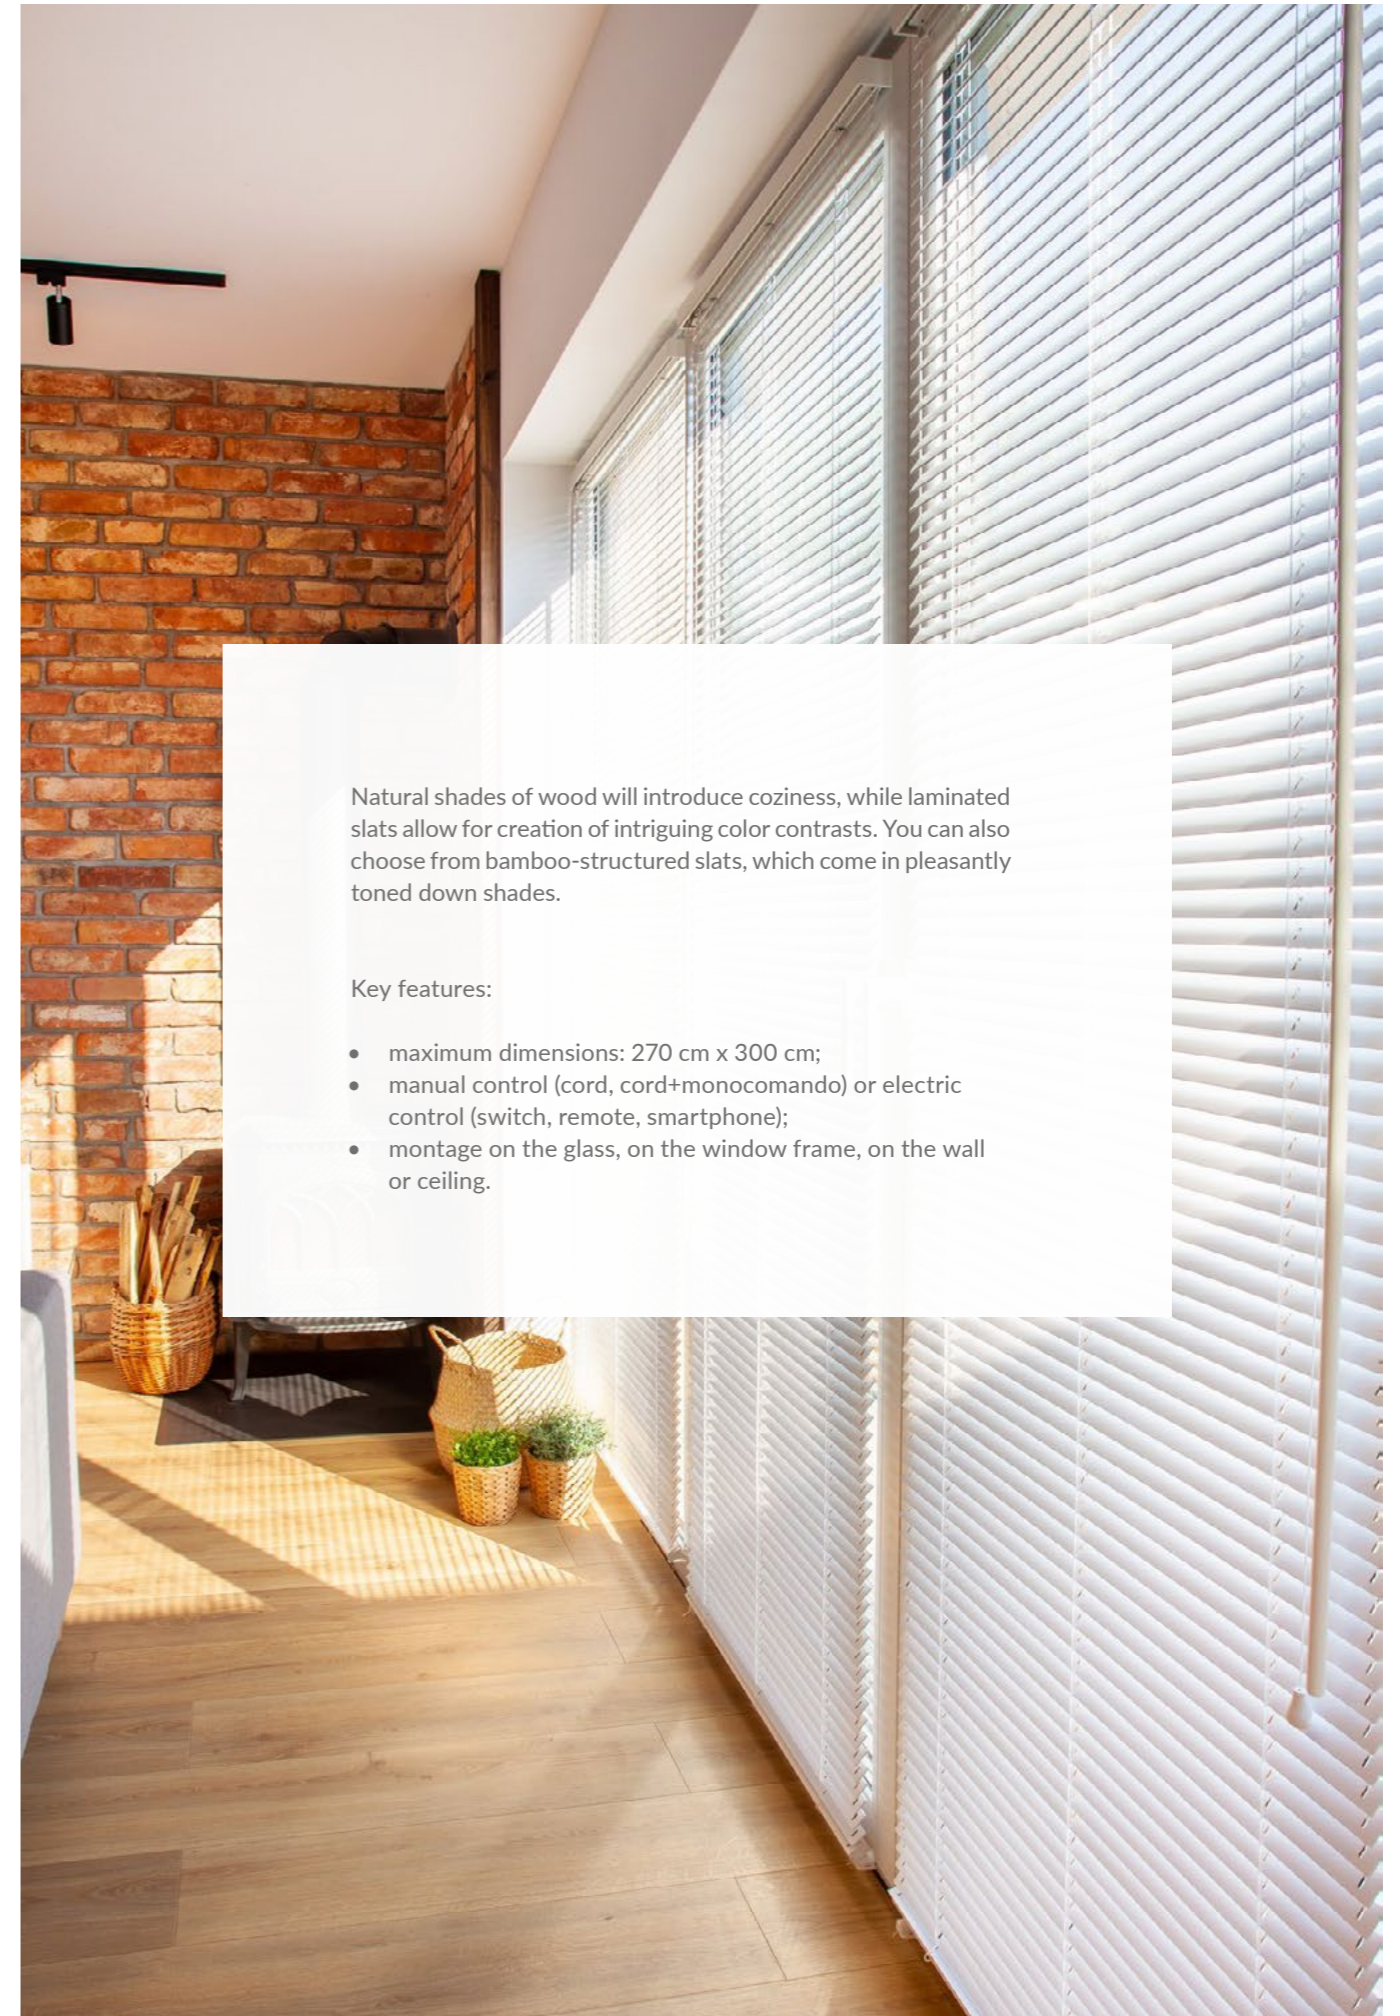

# WOODEN BLINDS

25 MM

Universal wooden blinds suited for smaller, as well as bigger interiors. They will easily cover bathroom and kitchen windows or balcony doors. Narrow slats allow for easy control over light level and guarantee optimal degree of privacy.

Natural shades of wood will introduce coziness, while laminated slats allow for creation of intriguing color contrasts. You can also choose from bamboo-structured slats, which come in pleasantly toned down shades.

Key features:

- maximum dimensions: 270 cm x 300 cm;
- manual control (cord, cord+monocomando) or electric control (switch, remote, smartphone);
- montage on the glass, on the window frame, on the wall or ceiling.

# WOODEN BLINDS

50 MM

Stylish, elegant model suited primarily for all bigger interiors. Wide, wooden slats are perfect for trendy natural or modern arrangements. They make for an interesting addition to wooden furniture and interior accessories.

Slats are available in classic, wooden versions, as well as laminated and bamboo ones. Each one comes in various interesting shades. Additionally, you can choose a construction with ladder or tape string.

Key features:

- maximum dimensions: wooden blinds: 420 cm (regards 5020 and 5021 colors); aluminium blinds: 500 cm x 420 cm;
- manual control (cord, cord+monocomando) or electric control (switch, remote, smartphone);
- invasive montage on the window frame, on the wall or ceiling.
